

AZUBIKE PASCAL

FULLSTACK DEVELOPER

CONTACT

- +2349029048188
- hello@pascal-azubike.dev
- Ajah, Lagos state.
- <https://pascal-azubike.dev>

CERTIFICATIONS

- Huawei Routing and Switching Certification - Huawei
- Software Development Internship Certification - CITE UNIPORT
- Business Toolbox Training

TECHNICAL SKILLS

- Frontend: React.js, Next.js, TypeScript, Redux, HTML/CSS, Jest, flutter, figma, Wordpress
- Backend: Node.js, Express, Nest.js, Python, Flask, Django, RESTful APIs,
- Databases: PostgreSQL, MongoDB
- DevOps & Cloud: Docker, CI/CD pipelines, Vercel, Heroku
- Tools: Git, Postman, Agile/Scrum

PROFILE

fullstack developer with 3+ years of experience architecting and delivering end-to-end web solutions. Proficient in React.js, Next.js, TypeScript, Node.js, and Python, with expertise in designing RESTful APIs, optimizing SQL/NoSQL databases (PostgreSQL, MongoDB), and deploying scalable cloud applications (AWS, Vercel). Adept at bridging frontend UX excellence with robust backend systems. Passionate about mentoring teams, and driving projects from concept to production.

EDUCATION

University of Port Harcourt, Nigeria 2017 - 2023
B.Sc. Mathematics and Computer Science
CGPA: 4.24/5.0

WORK EXPERIENCE

Full Stack Developer JUN 2025- PRESENT
Neutribes Limited

- Delivered 3 complete WordPress websites from scratch, including theme setup, plugin configuration, error fixing, SEO optimization, and security hardening.
- Ensured full compliance with WordPress industry standards, including accessibility, performance, and SEO best practices.
- Built full-stack applications using FastAPI, NestJS, and Next.js, with clean, maintainable architecture and API integrations.
- Implemented Figma designs into pixel-perfect, responsive frontends, improving design consistency and reducing development cycles.

Futsolins (contract) April 2025 - JUN 2025
Frontend Developer

- Built interactive learning interfaces using Next.js and React Query, optimizing client-side data fetching for speed and reliability.
- Collaborated with product and design teams to deliver engaging, responsive UI components tailored for students and educators.
- Improved performance, accessibility, and cross-device usability, contributing to a smoother and more inclusive user experience.

Full Stack Developer (contract) MAY 2024 - MARCH 2025
ABC Capital Limited

- Led 3+ client projects using Next.js, React, and Node.js while mentoring junior developers to full productivity
- Built AI-powered recommendation and semantic search system using OpenAI ada 002 model and MongoDB Vector Search
- Optimized MongoDB queries and implemented indexing to slash API response times from 3s to 200ms
- Built scalable Node.js/MongoDB backend serving 50,000+ daily users with consistent sub-second response times
- Modernized React codebase with hooks and better state management, reducing bundle size by 40% and bugs by 70%

WORK EXPERIENCE

Software Developer Volunteer

Smarttech Hub NYSC Scheme

April 2024 – Present

- Revamped community web apps with React.js, improving UI responsiveness and accessibility.
- Conducted workshops on TypeScript and modern frontend practices for 50+ participants.
- Audited and refactored legacy JavaScript codebases to TypeScript, reducing runtime errors by 40%.

Software Development Intern

CITE UNIPORT

Feb, 2020 – Nov, 2022

- Led a team of interns to design and launch a campus-wide web app
- Collaborated with senior developers to apply best practices in scalable code architecture
- Coordinated timelines and milestones, ensuring project completion from start to finish
- Developed modular code components, enhancing development efficiency and scalability
- Supervised testing and deployment, delivering a fully functional app used by the university community

VOLUNTEERING AND LEADERSHIP

ICT Community Development Service (NYSC)

- Led a team of 150 members in organizing IT workshops and seminars for community schools.
- Led IT infrastructure upgrades for 5 schools in Ado Ekiti, Ekiti state

Technical Event Organizer, CITE UNIPORT

- Organized hackathons and innovation challenges engaging over 300 participants.
